40TH AND MARKET STREETS

CREATING A PUBLIC DESIGN VISION

Invitation to Participate

The Partnership CDC, in partnership with Friends of 40th Street and PennPraxis, invite you to take part in a public process that will help shape a civic vision for the redesign of the area surrounding 40th and Market Streets.

To accomplish this goal, we invite you to share your thoughts about a new vision for this important intersection. Public input is vital to this process. Together, we can transform this critical gateway to University City and West Philadelphia.
